 - With our current situation, there is still some confusion locating homes that do not have 911 addresses. Please identify your residence by placing your address on a visible area in front of the home or business. This is to assist in locating you should you have an emergency.
 - Please stay safe and follow proper hygiene and social distancing. If you have fever, any flu like symptoms or have had close contact with someone who has these type of symptoms please stay home and contact your health provider for medical attention.
